Subject: Uxbridge

Reference: Natta

Our experience of working with Natta on the Uxbridge regeneration development began in 2013. After securing the work through competitive tender Natta have continued to be a reliable contractor for us.

We welcome and commend their approach on:

- Programme delivery,
- Quality control,
- Health and Safety
- Problem solving
- Financial support/negotiation,
- Reactive and proactive management.

This project has had many unknown and awkward situations to deal with - logistics and working alongside other developers and contractors being a major one.

In all areas Natta strive to ensure client satisfaction. The staff are professional and knowledgeable and a pleasure to work with.

We look forward to completing this project with them and consider them to be an important part to our supply team.
