

QUEENS AVENUE - ALDERSHOT

Project Facts

Sector: Groundworks

Our Role: Main Contractor

Location: Aldershot

Client: Grainger Trust

Project Value: £1.7m

Duration: 8 months

Overview:

The works comprised the upgrade of the existing highway to meet the needs of the expanding Wellesley development in Aldershot, Hampshire.

Scope of Works:

This project involved new drainage and services as well as the rebuild, realignment and refurbishment of the existing roads and footpaths.

All of this work was carried out under live traffic conditions and required considerable management of interfaces with the public and adjacent constructors.

This project showcases our technical section 278 work skills where considerable organisation and quality control procedures are required.

PROJECT ACHIEVEMENTS

WE WERE PLEASED TO BE AWARDED THIS CONTRACT BY GRAINGER TRUST. WE LOOK FORWARD TO WORKING WITH THEM ON FURTHER PHASES OF THIS PROJECT AND ELSEWHERE.
