

ENDERBY, LEICESTERSHIRE

Project Facts

Sector: Modular, Infrastructure

Our Role: Main Contractor

Location: Enderby

Client: Statera Energy Ltd

Project Value: £2.1m

Duration: 7 months

Overview:

Natta was awarded the contract for a new Battery Storage Facility in Enderby for Stratera Energy Limited.

Scope of Works:

Our scope for the Enderby scheme is the full construction of the site, minus electricals.

As such, Natta is undertaking the earthworks, drainage, services and cable troughs as well as the foundations for storage units, transformers, substations and grid connectors.

Fencing, hard and soft landscaping and the full build of a control room are also included in this project.

PROJECT ACHIEVEMENTS

“WE ARE EXCITED TO BE INVOLVED IN THIS NEW AREA OF THE RENEWABLE ENERGY MANAGEMENT INDUSTRY AND LOOK FORWARD TO USING OUR EXPERIENCE ON THIS PROJECT IN FUTURE SCHEMES.”
